Hello! So many great things coming up and so many new things happening! It’s a super great time to be a scrapbooker! In this newsletter you will get to find out about some awesome events, our new Imagine That App, and our biggest news… Imagine That’s Artzy Hideaway Haven! We are getting really thrilled for our “Scrap Dynasty” Crop and are excited to bring each and every one of you an outstanding weekend! We have LOTS of new great product in stock and LOTS more coming! If you have heard of some of the newest tools, collections, and product- we most likely will have it! Rachel, Janet, Deb and I attended CHA in Anaheim in January and we found and learned about so many new really cool scrapbooking items! Our March event will be the beginning of sharing, but just know that April and May will bring just as much sharing as the new goods will keep continuing to come in! So, we do hope you will come and join us at our upcoming Super Saturday crops at the store and also to be sure to stop in often to check it all out! On a different topic, I wanted to share about something that I’ve been asked about a lot this past month as there are a lot of concerns these days for all of us mom n pop stores. In the past few months Nebraska has lost a couple very good mom n pop scrapbook stores and now Archivers is closed. There are a lot of options for consumers these days, that’s for sure. I read a wonderful facebook comment and thought she really said it the best!

Here it is…. “Another So. Cali scrapbook store is closing .. Perfect Day Scrapbooking in Huntington Beach. I have known the owner Rachel for some time now and I know that this was a tough decision for her. She will be closing the doors by the end of March. I am sure that her customers and community will miss her and the shop. I have said several times, when a store owner closes, our crafting world suffers. Mom and Pop stores are so much more than just a place to buy supplies. These stores are the backbone of our industry. Mom and Pop stores are where friends are made, ideas are shared and the feeling of belonging is center stage...because..sometimes you really DO want to go where everybody knows your name. Yes, there is always a place for Michaels, Jo Ann’s and Hobby Lobby....and yes, there is always a place for online stores as there are some states that don’t have craft and hobby stores anymore... So, to see another store close just makes me sad as I know they too have worked hard at making their shop as wonderful as it could be. Look at all the faces below. I would not know any of them without my store. I can tell you each and every name of the 36 gals who are cropping with us this weekend. I can tell you about their spouses, their children, their jobs, I can tell you about their lives because that is what a Mom and Pop store brings to the community. So, if you have a local store in your area, stop by, introduce yourself and take a look around. I am sure that the shop owner would love the opportunity to show you what has just arrived or maybe an upcoming class that you might like to take. Stacey” 

She really sums up how all of us at Imagine That feel… there is no better pleasure than getting to know each of you. Your families, your happy times, your sad moments, your celebrations, and your life stories!

It’s a delight to show you what’s new in this industry and to teach you a great new technique! To look at your pages that have become so alive with your loved ones on it, brings just as much pride and joy to us. We absolutely love to put on our large events as well as our crops in our store. And our Friday night crops are what we always call “our Sisters Croppin n Rockin Every Week.” I have the most amazing staff that works so hard to please everyone and make your shopping experience, crop, or class the best one ever. We all strive to have our store & crops inviting, changing, engaging, and learning. We are ever so grateful for your loyalty, your friendship, your support, your word of mouth, and your happy face— because we do very much so realize all your shopping options that exist and are grateful when you choose us! I guess this pretty much sums up my thoughts.. We stay as positive for the future that we can and hope that Imagine That can continue to be a place you choose to spend your time and money on your scrapbook supplies or gift shop needs. THANK YOU from the bottom of our hearts… We hope to be around forever and a day…

And last but not least-- Scrap Dynasty!! It’s right around the corner! We have sold all of our 225 tables and are thrilled to bring you another fun and educational event! We have just a few spots available in our Imagine That classes and have added some classes from A Paige 2 Remember. So, if you’re interested you can call the store and get signed up or at the event you can check for availability. We will be also offering a couple of “mini classes” as well! We have awesome demo’s and make n takes ready for you and of course our games are going to bring you smiles! Looking forward to seeing all 225 of you!

Be prepared to be made
